

Michelle Chen

Product Designer · Accessibility (WCAG 2.1/2.2 AA) · Design Systems · Front-End Development

Tempe, AZ (open to relocation) · 602-607-9725 · themichellechen@gmail.com · themichellechen.com · [LinkedIn](#)

SUMMARY

Product designer with **3+ years** shipping AI-powered products, enterprise web applications, and **WCAG 2.1/2.2 AA** accessible experiences for government, research, and enterprise clients. Owns the arc from user research and prototyping through **design systems** to production **front-end code**, working with engineers and product managers.

EXPERIENCE

UI/UX Designer

Jul 2026 – Present

Ascenzi & Associates LLC · Semiconductor & advanced manufacturing consultancy · Remote, US

- ◆ Lead **end-to-end product design** for the client-facing platform, taking discovery, user flows, and **high-fidelity Figma prototypes** into a **scalable design system** of tokens, variants, and reusable components across four service lines.
- ◆ Run **stakeholder workshops** with principals and subject matter experts, turning semiconductor fab construction expertise into validated concepts, a clear **information architecture**, and plain-language content.
- ◆ Ship designs as **production code in a custom WordPress block theme**, pairing Figma with **LLM-assisted front-end development** so design intent, responsive behavior, and accessibility survive developer handoff.

UX/UI Designer

Jun 2025 – Jun 2026

VisLab, Arizona State University · Data visualization & AI research lab · Tempe, AZ

- ◆ Led **user research, usability testing, and design iteration** across **5+ enterprise applications**, turning dense technical requirements into task-focused workflows validated with users before engineering handoff.
- ◆ Designed **accessible data visualization dashboards** and interaction patterns that turn complex environmental datasets into scannable, **keyboard-navigable** views for non-expert research and policy audiences.
- ◆ Designed and built **Arizona Real Water**, a Drupal learning platform with a reusable **Twig component library** that translates state water policy into clear, self-paced coursework for real estate professionals.

UI/UX Designer

Oct 2023 – Sep 2024

M-think Technology · Digital agency for government, cultural, and enterprise clients · Taiwan

- ◆ Led UX design and front-end implementation for a **government portal serving 30 Indigenous museums**, delivering semantic HTML/CSS templates and accessible components that passed **WCAG 2.1 AA audits with zero failures**.
- ◆ Designed **responsive, mobile-first websites** for concurrent agency clients and ran analytics-driven **heuristic evaluations** that **raised core task success rates 15%** while holding visual consistency across deliverables.

SKILLS

Design: Design systems, component libraries, design tokens, style guides, wireframing, rapid prototyping, high-fidelity mockups, interaction design, visual design, data visualization, typography, iconography, brand identity

Front-End & Accessibility: Semantic HTML5, CSS3, SASS, JavaScript, WCAG 2.1/2.2 AA, ARIA patterns, keyboard navigation, screen readers, responsive, mobile-first layout, accessibility audits and remediation

Research & Strategy: Usability testing, heuristic evaluation, user interviews, personas, journey mapping, information architecture, user flows, competitive analysis, design thinking, workshop facilitation, stakeholder alignment

Tools & Collaboration: Figma (variants, auto layout), FigJam, Adobe Illustrator, Adobe Photoshop, Claude Code, Cursor, Git version control, Drupal (Twig), WordPress, Tailwind CSS, Bootstrap, Agile, cross-functional collaboration

EDUCATION

M.S., User Experience / Human-Computer Interaction · Arizona State University · GPA 4.0/4.0

May 2026

B.A., Cultural Heritage Conservation · National Yunlin Univ. of Science & Technology, Taiwan

Feb 2021
